

Working Together Ideas

Friday 22nd April 2016

1. As we are now fully engaged in our Farm topic linked to 'What the ladybird heard', we are now deepening our knowledge of the farm and the animals that live there. We have been researching some facts in class and play 'Who am I?' based on our understanding so far of different animals. Can you do some research linked to the farm and record your 2 best facts in your learning log. We would also like to display your writing so please can we encourage it to be as independent as possible, encouraging children to say their sentence aloud and sound it out as they write.

Please can we remind you that Show and Tell will now be on a Thursday afternoon (instead of Fridays). Please can you encourage your child to bring in something that they have created, made, been working on at home or something linked to a trip or a visit. Show and Tell will not be for sharing toys.
