Spring Challenge

During spring, lots of animals have their babies.

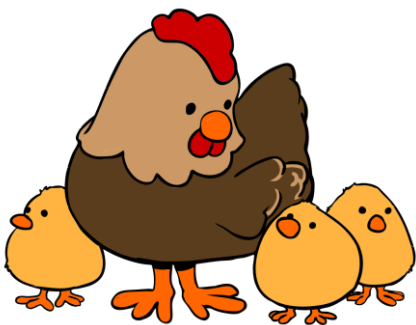

Challenge: Can you find out the names of these baby animals: A cow, horse, duck, pig and sheep.

Are there any more that you can find out?

This week we have been looking closely at flowers and what they need to survive. Can you look for a flower over the weekend and draw it. Try to label the different parts of the flower using these key words: Roots, stem, leaves and petals. Are there any more parts that you can label?

Maths challenge:

Hetty the Hen had 10 eggs. On Monday, 4 eggs hatched into chicks. How many eggs were left in Hetty's nest?

You could draw a picture of the eggs to support you.

Can you make your own problems up to solve?
