

Montbelle Treasure trail

To celebrate walk to school week, the school are running a treasure trail along the routes which most people walk/cycle to school. There will be a series of cards with some questions about the benefits of walking to school hidden along the trails. Once you've found the card simply turn it over to find your answer and record it on the sheet given to you by your class teachers. You have the whole week to complete the trail and hand it into Miss Burne before or after school to see if you have won a prize (the first 50 children to hand theirs in will be a winner). All participants will receive a special walk to school sticker for taking part in the trail.
